

Homecoming Parade Route Muscle Shoals High School

RE: Parade route and float line up location

The line up location for the floats will be Trojan Lane and Brown Street. **The parade will enter on Brown Street and head north toward Avalon Avenue. It will enter Avalon Avenue and head west to Gusmus Avenue. On Gusmus the parade will turn and head south. The procession will turn east on Richton Avenue and cross Harding Avenue back to Trojan Lane.**

After the parade, only high school organizations will be allowed to reenter Trojan Lane. All other organizations are to use Gattman Park as their drop off and pick up point.

Spectators can view the parade along:

North and South sides of Avalon Avenue from the city library to Gusmus
Gusmus from Avalon Avenue to Richton

Please remember due to the width of the procession, do not park on Gusmus and Richton Avenues as well as Trojan Lane.

LINEUP:

High school entries lineup along Brown Street and Trojan Lane. Middle School entries lineup along Trojan Drive (front of middle school) and beside the football practice field. Elementary entries assemble at the Park and Rec department parking lot and are brought by a police officer to the lineup down Gusmus Avenue. This is a rigid policy to protect our younger students from the drivers and activities on the high school campus.
